The **Coastal Arts League** (CAL) is a non-profit corporation supporting the arts on the San Mateo Coastside of northern California. Among CAL's projects is the CAL museum, which gives the coastside a place to artwork to be shown. CAL also has a Gallery run by and for artists. All of the artists' works are considered museum quality and the works are exhibited in this manner.

The artists participating in the CAL are from the San Francisco Bay Area; more than half of the Artists reside on the "Coastside"...but this does not mean that the work is necessarily regional. The Museum & Gallery takes pride in showing the best of an eclectic range of styles including regional, traditionalist and cutting edge art. Most members exhibit nationally and internationally.
